

CZECHS PROTEST NAZI SLAYINGS

Tom Walker, Born a Slave, Dies Here

Tom Walker, 80 year old former negro slave, died at 2:35 Sunday, November 19.

Born a slave in Bellview, Bossier Parish, La., on April 2, 1859, Walker the age of 4, came to Cameron in 1863, with the late Dr. Erasmus Edwards, and had lived in this city since that time except for 13 years when he resided in Waco.

Mrs. Pearl Clement, grand daughter of the late Dr. Edwards assisted with funeral arrangements because the aged former slave was the property of her mother's family. Mrs. Idella Green, mother of Mrs. Clement, was 12 years old when her father, the late Dr. Edwards came to Cameron and Tom Walker, then a small boy came along with the family.

Walker's family had been the property of the Hollaway family of Virginia since the first slaves were brought to America and when Dr. Edwards came to Cameron in 1863, he brought the faithful slaves with him.

Mrs. Idella Green, who at that time was Miss Idella Edwards, claimed Tom Walker, a little boy of 4 years, as her personal property and after the civil war was over and the slaves had been freed, this family of slaves remained faithful friends of their former owners.

Mrs. Edwards died while quite young and Walker's mother lived in the Edwards' home where she was

affectionately called their "black mammy." Walker's grand mother had the official duty of spinning and weaving the cloth for the use of the family and a priceless possession of Mrs. Pearl Clement today is a counterpin woven over one hundred years ago and handed down to her as an heirloom.

In later years Walker married Mary Harmon, whose family were early day Texas slaves having been brought to Milam county by the grand parents of Mrs. Hallie Wofford of this city. Their marriage is a romantic story of elopement to Calvert in Robertson county to obtain their marriage license only to find that all the records and other data of the county clerk's office were on the train being moved to Franklin where the new county seat was to be established, and their license was issued from a box car.

The old couple is well known in Cameron and have many friends here among white citizens as well as those of their own race. In the words of one who had known them since childhood, they were always honest and upright in their dealings with others and had lived an honorable life.

By trade Walker was a mason's helper but worked at odd jobs all his life. Funeral services were held Monday afternoon with burial in the negro cemetery near Wilson-Ledbetter Park.

Negroes Arrested as They Attempt to Sell Stolen Cow

Charges of cattle theft have been filed against Maurice Chappel, Eugene Pierce, and Willie McDaniels, negroes, all of McGregor. The negroes were placed in jail here late Wednesday by Sheriff Max Kennedy who went to Dallas after them where they had been held by Deputy John Chiesa.

Sheriff Kennedy said the Dallas officers held the negroes on suspicion when they sold a cow to Dallas livestock commission. When questioned by the Dallas officer Chappel a former Cameron negro, said his mother had given him the cow.

Upon investigation it was found the cow had been taken from the farm of Howard Ford of near Milano. Sheriff Kennedy and Mr. Ford went to Dallas where the check in payment of the cow was indorsed to the owner and the negroes were returned here to jail.

Cameron Is Tame Village These Days

Cameron is a tame village these days, and for that matter the whole of Justice Precinct 1.

This is regarded as a good sign people generally are improving their conduct. No cases have been filed in Justice Court in Cameron since Nov. 6. The usual Saturday night rough stuff has apparently been discontinued or offenders manage to keep out of sight of officers.

B. F. STEWART WILL MOVE GROCERY STORE

A major development along commercial row Friday was the signing of a contract by B. F. Stewart for a rental on the building formerly occupied by the Cameron-Haigh Corp.

The building is the property of Fred Sampson of New York who is in the city looking after his interests.

Mr. Stewart told The Daily Herald Saturday morning that he would not move his grocery until after Jan. 1.

The building just leased by Mr. Stewart is one of the largest in the city and for a food market can hardly be excelled anywhere for a location. Parking space as well as much additional floor space will be available and Mr. Stewart hopes to greatly expand his business. The Stewart Grocery is one of the largest in central Texas and Mr. Stewart enjoys a large annual volume of business.

YOEMEN TO CLOSE SEASON IN ROSEBUD

The Yoemen will close the 1939 football season in Rosebud Friday night against the Black Panthers.

Although Rosebud lost heavily to Georgetown, the team was able to hold Belton to a small margin of victory and the team is much stronger than last year when they defeated Cameron 7 to 6.

Continued dry weather will give the Yoemen opportunity to use their passing game and they are expected to give the Panthers a real battle. On the face of performance for the year, the advantage is with Rosebud.

Man Jailed Here By Marshal is Former Convict

Felony theft charges have been filed in the court of Justice Womack Brashear by Constable B. F. Bailey against Jack Rutherford who was captured last Thursday afternoon at the Santa Fe underpass east of the business district by Roy Harrison, a mechanic at the Virgil Coward garage.

With Harrison at the time of the capture was George Leath, circulation manager for Waco newspapers. Rutherford who told City Marshal Smith that his name was Joe Flow, is a former Texas convict.

Shortly after Rutherford robbed the car of Dr. T. E. Crump, taking therefrom a medical kit, he walked in front of Coward garage and was seen by Harrison. A few minutes later when Harrison learned of the robbery, he summoned George Leath and they raced down Highway 77 and found Rutherford with the medical kit and contents spread on the ground. It was believed he was looking for opiates. Harrison got out of the car quickly and took an automobile crank, walked up behind Rutherford and raised the crank as the only weapon he could command, and demanded that the former convict surrender.

Shortly after the robbery, City Marshal Gene Smith was notified and went to the scene of the capture, making the arrest and returning the prisoner to jail.

Rutherford's record on file with the State Department of Public Safety shows in addition to Rutherford and Flow, he has given his name as Joe Black and that he has been convicted six times in that many cases of automobile theft and burglary, serving prison sentences. The record shows he was discharged from the state penitentiary in Huntsville on October 16, 1939.

COUNCIL HERE SAYS CZECH NATION NOW IN SLAVERY

Protesting strongly what they declared to be enslavement of the Czech people, the execution of students in Prague and the closing of Czech universities, representatives of the local Czechoslovak National Council today requested publication of a resolution adopted.

The local council, affiliated with the National Czechoslovak Council of America, is led by Frank Mikulec as president and Frank Slavik as secretary.

Following is the resolution: "As American citizens, in accordance with the democratic and humanitarian principles and traditions of our great country, we protest against the last outrage, committed by the Nazi barbarians against the enslaved Czechoslovak people.

"We invite all true Americans, individuals and organizations to join us in public protests against the ruthless and senseless murder of nine

Czech college students, whose only crime was that they protested against oppression and brutal Nazi enslavement of their nation of 10,000,000 souls, who formerly lived peacefully, democratically and prosperously in one of the best democracies of the world.

"We also protest against the wave of terror now sweeping through Czechoslovakia, against brutal germanizing, and expropriation of Czechs and Slovaks, against terrorist persecution of many Catholic, Protestant and Jewish institutions and individuals designed to doom the whole nation to extinction.

"We protest in the name of the solidarity of all civilized mankind against the closing of Czech Universities by Nazis and we hope, that especially all university students and all educators of America will join us in this proper condemnation of a crime, unheard of in the history of civilized nations."

Wyman Hopkins Dies Here Sunday

FUNERAL SERVICES BUCKHOLTS MONDAY

Funeral service for Wyman Hopkins, 17 year old senior in Yoe High School and a member of the football squad, were held at 2 o'clock p. m. Monday, November 20 at First Methodist Church in Buckholts with Rev. T. D. McGrary, pastor, delivering the sermon.

Hopkins died in a local hospital at 6 a. m. Sunday, November 19, from injuries suffered late the previous day while hunting on the river south of Buckholts.

Hopkins, according to records of his coach, L. C. Wood, was 16 years of age and a senior but could return under eligibility rules for football in 1940. He played end and came out for football for the first time in the spring of 1939. He was regarded as a bright prospect for the 1940 team.

All members of the coaching staff and football squads attended the funeral in a body. Superintendent E. A. Perrin announced Monday morning that the school would close in tribute to the memory of the popular senior and many students from the high school as well as the grammar school attended the funeral.

Surgeons made an unsuccessful though determined fight to save the student's life.

The accident occurred late Saturday afternoon near Corinth, south of Buckholts. According to informa-

tion received by the Herald, Hopkins went hunting with a cousin, Zack Blankenship. The boys placed their guns on a small concrete bridge and walked a short distance and sat down on the river bank. It is believed that the wind dislodged one of the .22 rifles and as it fell to the floor of the bridge, the shell was discharged. The bullet entered the abdomen, penetrating a number of intestines.

The boys made an unsuccessful attempt to get their car through a bad stretch of road and Hopkins, although mortally wounded, summoned a car on the road and reached a drug store in Buckholts, from which place he was taken to the Cameron hospital.

Hopkins is survived by his grand parents, Mr. and Mrs. R. W. Hopkins of Buckholts, with whom he lived. His father, Clarence Hopkins is superintendent of livestock for the Texas Prison Farm in Huntsville and arrived in Cameron Sunday.

His mother, Mrs. Hope Hopkins reached Dallas, according to information received by the Herald, late Sunday afternoon by airplane and came by automobile to their old home in Buckholts. His sister, Miss Shirley Ann Hopkins, lives in Cameron where she is a student at Yoe High School.

Pall bearers named from the football squad are as follows: Fred Allen, Bert Cosby, Joe Seveik, C. E. Woodum, Cecil Tindall and Walter Black. All remaining members of the squad are honorary pall bearers.

THANKSGIVING A FLOP

The Roosevelt Thanksgiving was not generally observed in Cameron today, as business went forward normally with the exception of the banks and post office. The city will observe Thanksgiving as usual on Thursday, November 30.

The Thanksgiving proclamation by Roosevelt for November 23 has caused endless confusion throughout the nation and people generally resent the fact that the president sought to accommodate commercial interests by fixing this unprecedented date.

Rev. Duda declared that as representative businessmen and community leaders, the Rotary Club has within its organization the powers to translate into human relations the ideals of the better life, and to bring about desired progress in the community, state and nation.

Here is a communication received from E. H. Balhorn of Rockdale, owner of the Elite Cafe, expressing his appreciation of the Midget Daily and enclosing an advertisement.

"Every afternoon A. C. Balhorn brings us the Midget and it is a sight here at the cafe to see who gets to read it first. We have quite a few Camerons here in our city and it is enjoyed by them as well as ourselves.

"We consider the 'Midget' a more important paper than any of our Big City Dailies. It has all the news that can be gathered each day and we believe it is read by more people each day than the weekly and in appreciation of same, we desire to give you the enclosed advertisement.

"Again thanking you for being big enough and farsighted enough to establish a publication of this sort.

Yours very truly,

Child Painfully Hurt When Hit by Truck

John Douglas Morgan, 8 year old son of Mr. and Mrs. Wilburt Morgan of Cameron, suffered a slight brain concussion, scalp lacerations and cuts about the face and arms when he was hit by the Acme Laundry truck at the corner near Citizens National Bank.

The boy was waiting for a car to pass before crossing the street and apparently did not see the truck as he stepped into the street far enough for the machine being driven by Kenneth Kirk to hit him.

The child was taken to the office of Dr. C. C. Swift for treatment.

Constables May Get Pay From County

During a recent session of the Grand Jury, Constables were declared under a ruling by the Attorney General, to be ineligible for bailiff duty.

The Commissioners' Court in session last Thursday, it was discovered Tuesday by the Daily Herald, will take up the matter of paying Constables on December 14, their next regular meeting.

The people generally will applaud the action of the Commissioners' Court, if a legal way can be found to pay the Constables as they are indispensable to law enforcement in Milam county and practically all cases originate in the precincts.

318 years ago the first Thanksgiving occurred among the first American settlers on the bleak New England Coast.

From that date it has been the honored custom of this nation to give thanks for bountiful harvests and for blessings that have come to us through Divine Providence and the American way of life.

There is something fine to contemplate in this 300 year old precedent. Citizens National Bank will join as has been the custom through the years it has served its community, in observance of this national holiday, remembering with special gratitude its rich harvest of friends through these years.

Line Play Good but Yoemen Lose to Hearne 2-0 Friday

(Turn to Page 3)

Playing their best game of the year Cameron linemen Friday night turned back the hard fighting Hearne Eagles, yielding only two points, a safety scored when a bad pass from center was recovered by Pie Lucas back of the Yoemen goal.

J. P. Gooch, playing guard, pulled away from the line just before the ball was snapped. When the ball was centered by Salach, the ball was deflected by Gooch's headgear and went spinning away over the goal. The Yoemen abandoned their huddle and called signals from offense positions.

The line play was superb and in the matter of first downs the Yoemen had the advantage, although neither team were able to threaten except on breaks that placed the ball within the 20 yard line only three times during the game.

Shortly before 7 o'clock a slow rain began falling and a driving north wind sent the red goal flags fluttering and many fans to their cars before the first quarter had ended.

The field was almost dark at times. Whether the lighting system was getting full flow of power or whether climatic conditions were responsible could not be determined. Shadows of the players were easily visible on the field and high points were not to be followed until the ball plumped down into the low ceiling. The lighting system was not adequate for the night.

The only score of the game came early in the second quarter. Hearne punted the ball over the goal and it was put in play on the Yoemen 20. Salach was given credit for a bad pass from center which Lucas missed, the ball being received over the goal for an automatic touch back.

Abbott, star half back for the Eagles, was the mainstay of the Hearne attack and turned in a grand game for his team, but was never quite able to shake off those Yoemen linemen who swarmed through for their best accounting on defense of the year. It must have warmed the hearts of the coaching staff to see such performance.

By the half rain was driving across

the field and the iron was getting logged with water. Frequent fumbles kept the fans gasping.

Cameron threw away its only opportunity to score in the fourth quarter. The ball, marched down the field by a series of off tackle plays and end runs with Fred Allen carrying was thrown away by Lucas on a pass attempt. Abbott of Hearne intercepted and thus ended the chances of the Yoemen. It was getting darker as lights seemed dim and the rain kept falling in ever increasing sheets.

Lucas, limping into the game and favoring his left leg, carried the ball 70 per cent of the time in the first half. All he could do was take the snap and limp into the Eagle tacklers. It looked like a sorry display of field generalship. In the second half other backs were given a chance. The Yoemen fared better. Poor quarter-backing gave the backfield its worst role of the year.

On the other hand the scintillating play of the line all but gave the Yoemen a victory.

For moments Yoemen passing gave promise but poor lighting, plus rain and a wet ball soon made that sort of play too dangerous.

Black and Sevic at tackle were thundering into Eagle formations all night while Kunz and Tindall were negating returns and swarming all over the field in a bit of defensive play that saved the day.

Charley Holloway was especially important at tackle and on the kick-off. Chubby Dusek and Bert Cosby came in for their share of the glory in this best of line exhibitions. Woodum at guard turned in his usual play with some extra and Terry matched the best of the efforts of the night at guard. Gooch got in his bit of defensive and offensive play at tackle.

The game ended with both teams in mid field fighting away at each other.

Representative Reese Turner and wife, Mr. and Mrs. I. N. West, Mrs. Weldon Black, Mr. and Mrs. Bill Alex Bonds and Judge and Mrs. Jeff T. Kemp were among those from Cameron to attend the singing convention in Rockdale Sunday.

GERMANS SAY THEY ARE TO KILL MORE IF CZECHS OPPOSE RULE OF NAZIS

Three more Czech students were executed before a German firing squad in Prague today bringing the total to twelve to meet death because they cried out for freedom as they sought to celebrate the anniversary of the Czechoslovakian Republic.

The government in Berlin sought to justify these executions by outlining measures necessary in war time. It was believed that the Nazi government is fearful of censure in neutral countries throughout the world. At the same time these students were executed, Czech colleges were closed for three years and more executions will follow, said Hitler's spokesmen, if the Czech people demonstrate their desire for freedom again.

It must be remembered that when Adolf Hitler obtained Sudetenlands there was no indication or belief that he would take the whole of Czechoslovakia. The Germans will now attempt to make the Czech people Germans in political and economic beliefs.

Another peace move was forecast today when Italy sent a representative to France. The unofficial comment was that a way is being sought by another peace proposal. All nations have failed with exception of Italy which has not heretofore tried to bring about peace. Germany has indicated there will be no further negotiations on the question of peace.

Paris had two air-raid warnings today and a lone German plane flew 500 miles into the interior of France. Nazi war planes also flew over the British Isles.

Man Steals Bag From Doctor's Car; Arrested in 20 Minutes

Joe Flow was arrested at 5 p. m. Thursday at the underpass on the Santa Fe east of the city by City Marshal, Gene Smith, and is now in jail facing charges.

About twenty minutes before the arrest Dr. T. E. Crump reported to the city marshal that a medical kit had been stolen from his car parked in the business district. Dr. Crump furnished the city marshal with an inventory showing the bag contained \$57.50 worth of supplies.

Mr. Smith said the man under arrest is about 34 years old and believes that the name he gave is an alias and that he may be wanted elsewhere for other crimes. He was arrested as he sought to escape down the highway.

The News relies not alone on one great wife service—it has TWO... the greatest in the world—Associated Press and United Press. It also has the great wire feature service of North America Newspapers Alliance (NANA.) Most newspapers would be content with these—but NOT The News, which also maintains its exclusively-own bureaus in Washington, Austin, East, West and Central Texas... to say nothing of more than 200 local correspondents scattered over the Southwest... and the largest local staff of editors, reporters, artists and feature writers of any newspaper in Texas.

War Fizzles but New High in Absurdity is Reached

The latest European absurdity was a German press comment giving notice that any peace proposal made by President Roosevelt would be rejected by Germany.

There have been more peace proposals than dead soldiers in the present European war. Apparently having exhausted their own strength in making and turning down peace proposals, the farce moves into new fields of imagination.

So far the destruction of the British Empire by Germany has been undertaken through the press and over the radio.

The French invasion of Germany was ended with the withdrawal of the French army and since the Germans concentrated on the western front, there has been no war.

The broadcast today was barren of any news worth printing. It is becoming increasingly difficult to obtain reports of interest from the European front and until the war takes a more definite turn, there is apt to be little to publish on the situation.

Mrs. Bert Ford of Rockdale died Saturday morning at her home after a long and critical illness. She is survived by three children. Funeral services are not complete.

The Rotary Club of Paris, France, is adjusting itself to the exigencies of war. The interesting bulletin of that club, "Paris Rotary," with which many Rotarians throughout the world are familiar, reports, in the issue of September 20th, that the weekly meetings of the Club will continue. A single one-course meal will be served for the sake of economy. Another economy measure will be to publish the club bulletin twice a month instead of weekly. It is also reported that Rotarian Raoul Dautry of the Paris Club has been appointed Minister of Armament, and is called upon to play a role of highest importance in national defense. From the bulletin we also learn that 29 members of the club have been mobilized.—"Rotarian News Letter."

Herald Office Gets
More Pictures for
Its Collection

Interesting and now historic sports pictures came to the Herald office this week through Jack Taylor, former football star under the green and gold of Baylor.

One of the pictures brought to the walls of the old Herald is six action shot photos of Jack setting a world's record in the discus throw. He holds 11 records in the AAU and was one of Texas' greatest athletes and a graduate of Yoe High School.

Two photos in the collection were made by the photographer of the Chicago Tribune in 1925 when Baylor played Notre Dame. Jack said Monday that Knute Rockne, late lamented coach at South Bend, used 79 men against the Baylor team that day.

The pictures disclose a touchdown play by Flannigan. On the ground is Abe Kelley, famous Baylor punter and goal kicker and one of the immortals killed in the bus crash at Round Rock in the spring of 1926. Jack Taylor, playing end, is seen in the action photo. Also are the famous Jack Cisco of the Baylor team and Jack Jones.

In that year Baylor had an all American prospect in Sam Coats. Frank Bridges was coach. Baylor has asked for the photos but Jack prefers to keep them at home and has brought them to The Herald on request of the publishers.

Schools Will Close
Nov. 30 and Dec. 1
For Thanksgiving

Cameron schools will observe Thanksgiving on the last Thursday in November and no classes will be held on Thursday, November 30 or Friday, Dec. 1, it was announced here today by E. A. Perrin, superintendent.

There has been some confusion among patrons of the school as to which date would be taken by the schools since the holiday was recently changed by President Roosevelt.

Germans Lay Mines by Planes

British Say Nazis Sowing Death from air

The mystery of outlaw mine laying in the territorial waters of Great Britain may have been solved today when the eyes of the British navy caught German planes depositing mines by parachutes in these waters.

According to broadcasts from London, German planes were sighted last night swooping low over the waters and depositing the mines by means of parachutes. The German government has thus far denied that any mines have been placed in neutral shipping lanes.

A French communication today said that seven German planes were shot down on the western front last night. Another broadcast gave the number at ten.

There was tense feeling in the Balkan countries today, especially Rumania whose economic minister resigned in protest over German pressure to bring Rumania into Nazi influence.

Another British ship was sunk this morning, bringing the total to more than twenty during the last few days.

Small countries affected by the British announcement to seize German exports and all neutral vessels carrying cargoes destined to and from Germany, were protesting through their diplomatic channels to Great Britain and France.

Women: "Build-Up" To Relieve Pain

A weak, run-down, undernourished condition calls for attention!

Such a condition often enables functional dysmenorrhea to get its foothold. That's one thing which leads to much of women's suffering from headaches, nervousness, those cramp-like pains. A good way to relieve such pains, women by thousands have found, is by the proper use of CARDUI. It stimulates a lagging appetite, assists digestion and assimilation; thus helps build physical resistance to periodic pain. Taken just before and during "the time," many women also report that CARDUI helps to ease the pain and discomfort of the period.

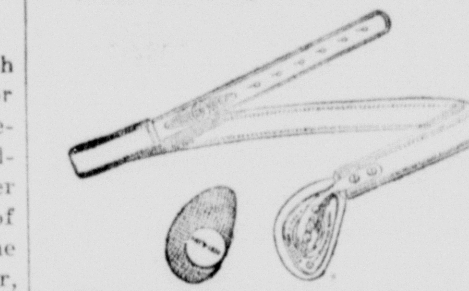

Mr. and Mrs. R. L. Groppell of the Fuchs community were the honorees at a surprise dinner party in observance of their 25th wedding anniversary Sunday evening at their home. Mr. Groppell is a native of Milam county, having been born the son of Mr. and Mrs. Lewis Groppell of Buckholts. He is a prominent farmer of his section. Game Cancelled Rosebud B Squad

After impressive wins over Belton, 14-0 and Thrall, 10-6 the Yoe High B. Squad met Thrall for a second time on last Thursday night and battled to a scoreless tie, a team composed of B men but of men from the regular A string.

Outstanding for the Yoe High B Squad were Felix Marek, tailback and Mack Nicholson and James Dy-cus, guards.

The season was scheduled to end with a game against Rosebud but because of injuries sustained in their B Squad, and a fear that the use of some of their A stringers in the game might weaken the team in its game against the Yoemen Friday, Rosebud requested a cancellation of the game and it will be returned next year.

Burglars Make Hole In Floor; Take \$5 and Cigarettes

Burglars tried something different from their usual procedure of breaking windows and entering through plate glass doors, Thursday night when they bored a hole through the floor of the A. E. Hensel general merchandise store at Burlington.

Deputy Sheriff Clarence McCall making an investigation, reported that a hole 14 1-2 by 9 1-2 inches had been made in the floor near the center of the building, a brace and bit being used to make the opening. The burglars with their loot escaped as they had entered.

Those RYLANDER people! You might think I was royalty the way they treat me. They're always cleaning my stall and keeping me "fit." And talk about taking precautions! Why they almost drive me frantic with checking the purity of my milk and their scientific dairy equipment. But I can't deny that I'm proud of myself. When you can be a member of the Rylander herd, you know you're just about the best there is. We know that mothers are proud of us, too, because they insist on Rylander's Milk for their families.

So the question isn't out-of-place, after all. Nor is the suggestion which follows: when you travel by car, you'll find it more comfortable if you'll fill up at Humble stations on the way. . . . They are, first, clean. Driveways are scrubbed, brightwork shines, and restrooms are as spotless as sanitary, as your bathroom at home. Second, they are fully supplied with products which are second to none in performance. Humble offers you your choice of three LEADED gasolines, one for every car, every pocket-book: Humble's Balanced 97 Motor Oil gives perfect performance. . . . Third, you'll like the neatly uniformed Humble Station salesmen you meet. They're capable, prompt, courteous, genuinely helpful. . . .
